# TASTY SOLUTIONS FOR PRIVATE LABELS

## WELCOME TO HFS

We are a young company made up of experts who, in addition to their long experience, are connected by a sense of perfection and courage to discover new possibilities. Thanks to conscientious work and state-of-the-art technologies, we develop and produce quality products that we are proud of and are happy to supply to our clients.

Bars of different flavours and compositions that leave our production plant become an everyday part of a healthy lifestyle, a favourite delicacy of children. They offer top texture, delicious taste and balanced nutrition.

Our team is constantly developing new tastes and finding new opportunities for improving recipes. We monitor all the new market trends in healthy nutrition, which makes our bars superior and delicious.

## PRODUCED IN SLOVAKIA WITH LOVE

In today's hectic world, a healthy protein bar is a unique way to supply the body with necessary nutrients anytime and anywhere, thus protecting your health even during days when there is no time left for a proper meal.

For athletes, it is an ideal way to deliver the body energy without unnecessary calories. Our development is therefore focused to make the taste full and delicious, the aroma fresh and tempting, so that our bars are a pleasure for all the senses.

## WHAT WE OFFER

A combination of state-of-the-art technology with the experience of our experts in these fields of development, production and creative solutions, as well as close cooperation with nutritionists consultants, allows us to design a wide range of products from their development to full production and distribution.

We develop a technologically advanced background for our clients to produce products to their individual specification. Each bar is unique and packaging tailored to each brand. We provide production capacity on modern technically advanced machinery. All products are developed inline with our clients specification.

FROM IDEA TO PACKAGING

# PROTEIN BARS IN REAL MILK CHOCOLATE, EXTRA SOFT - 50g

## LOW SUGAR ONLY UP TO 5g/100g. GLUTEN-FREE

Takes your taste buds to the next level - our protein bars are designed to combine the perfect taste with high nutritional requirements, are full of protein and have a low sugar content. They are ideal for on the move or to help achieve sports goals.

Previously, muesli bars were very popular, but these are not very suitable because over 80% of their energy value is made up of carbohydrates and contain only minimum of proteins. Protein bars are a suitable supplement of nutrients during the day, when it is not possible to access a standard meals due to work or, for example, while driving.

Thanks to differences in content of nutrients and proteins you can choose from these products for strength athletes and endurance athletes focused individuals. Protein bars are a functional dietary supplement and are a great reward for those who want more energy without weight gain.

Our protein bars are enriched with collagen, giving them their fine structure and exceptional taste and improve joints. We offer them in delicious flavours, especially also double-layered with caramel and coated in real milk chocolate.

### PROTEIN BAR WITH COCONUT IN REAL MILK CHOCOLATE

#### Ingredients:

**Milk** protein concentrate 28%, milk chocolate with maltitol 17% (sweetener: maltitol; cocoa butter, whole **milk** powder, cocoa mass, fat reduced cocoa powder, emulsifier: sunflower lecithin; flavour), hydrolyzed collagen peptides 15%, sweetener: maltitol; humectant: glycerol; rapessed oil, coconut 4,2%, water, thickener: gum arabic; emulsifier: mono- and diglycerides of fatty acids; preservative: potassium sorbate; flavours, antioxidant: tocopherol extract.

sport events  
fairs, exhibitions  
stadiums (gift with the ticket)

eshops (gift for purchase)  
cinemas, theaters, concerts  
fitness centers  
weddings and celebrations  
gift for guests

# JUNIOR PROTEIN BARS IN REAL MILK CHOCOLATE - 30g

## WITH COLLAGEN, COATED CONFECTIONERY, VITAMINS AND MINERALS. GLUTEN-FREE

The basis of children's nutrition should be a varied and balanced diet, which contains enough suitable carbohydrates, proteins, fats, fibre in combination with a sufficient drinking regime. For healthy growth and development it is necessary that at least 40% of all proteins in a child's diet are of animal origin. Protein deficiency not only leads to problems with growth and development, but can also cause a decrease in immunity. If a given amount of protein is not replenished by the child with a normal diet, it may be the turn of protein bars for children. Soya protein is not recommended due to its anti-nutritional content. In addition, soya is one of the allergen and it is not present in our protein bars. As children grow, it is important that they have enough vitamins and minerals to ensure good health. Our JUNIOR protein bars contain full valued milk proteins, all important vitamins and minerals, crispy coloured coated confectionery and no artificial colouring, and are an ideal snack for active children. They are coated in real milk chocolate with maltitol, which unlike sugar does not cause tooth decay.

### CHOCOLATE PROTEIN BAR WITH VANILLA PASTE, 13 VITAMINS AND MINERALS WITH COATED CONFECTIONERY IN REAL MILK CHOCOLATE

### VANILLA PROTEIN BAR WITH NUT PASTE, 13 VITAMINS AND MINERALS WITH COATED CONFECTIONERY IN REAL MILK CHOCOLATE

# PROTEIN PANCAKE - 150g PANCAKE POWDER MIX WITH NO ADDED SUGAR

## Characteristics:

Pancakes with high content of protein are ideal for breakfast or „healthy“ snack for those who maintain a healthy life-style.

## Ingredients:

**Wheat** flour, dried skimmed **milk**, **whey** protein concentrate (WPC 80), micellar **casein**, dried **egg**-yolks, **wheat** gluten, dried **egg**-whites, salt, thickening agent: guar gum, colouring agent: riboflavin. Contains allergens **lactose**, **gluten** and **egg**.

## Preparation:

Mix the packet's content (150 g) in 300 ml of cold water. Add sugar (5 – 10 g) or seasoning if needed. Fry in heated oil until golden.

## Storing:

Store in a dry place, at the temperature up to +25 °C.

# OUR TECHNOLOGY

## Technology

We produce bars using modern machinery that is tailor-made and are state of the art, our production line is smooth and efficient producing quality products in a strict hygiene environment.

Our continuous production line takes into account state of the art quality and hygiene standards for food production. Provides the possibility for completely coated or half coated bars in real milk chocolate or dark chocolate coating.

Packaging machines pack finished products into fully printable two or three layer cartons.

X - ray detection is integrated into the line and checkweigher are for product control after packing. All bars are made of quality raw materials in our modern production plant in Galanta, western Slovakia.

This position is optimal not only in terms of availability, but also strong food traditions around Galanta and Nitra. The production hall was completed in 2017 and meets strict food production criteria.

## Warehousing

Warehouses fully correspond to food standards and are capacitively designed to cover the storage of raw materials and products in the volume of one months production.

Warehouses are managed electronically, which ensures perfect freshness of raw materials used and optimization of stock. Modern loading ramps allow easy access for supply vehicles. .

## Suppliers of raw materials

Own product development, includes extensive experience of raw material suppliers.

We offer suppliers and their technologists cooperating in the production from local but also foreign production.

We will advise and recommend your choice of suppliers meeting high demands on quality and suitability for processing bars.

## Certificate

The quality and safety of our products have confirmed a successful audit IFS (International Featured Standards), which clearly demonstrated a high standard and the quality of services provided in the manufacture of our products.

Audit according to the IFS standard (International Featured Standards) is used for evaluation multinational suppliers business chains and combines requirements on the quality management system and on health and safety of food.
